

2007 was a rad year for the Keep A Breast Foundation! For yet another year we are invited on the Vans Warped Tour to spread our message of prevention and awareness. We collected 5X more donations than we did in 2006 and reached thousands of young people with our message.

KAB was invited to be a part of the Roxy Jam in France. Though our Breast Cast Exhibition and partnership with the Quiksilver Foundation on this event made it possible to donate over \$10k to Le Cancer du Sein Parlous-En! (a European Breast Cancer Association).

The Breast Defense Breast Cast Exhibition was well received in Las Vegas, CA and raised over \$10k.

Zumiez became a partner and made their first donation to Keep A Breast this year. Slick Family Fund (private donor) made a sizable donation and KAB also graciously became a beneficiary of the SIMA Humanitarian Fund.
